Hyatt | Al Wasl

Project Manager:

Robert Mathew Johnson Marshall |
Ted Jacob

ELV Consultant:

Mediatech (MDG)

Main Contractor:

Al Basti & Muktha LLC

MEP Contractor:

Bilt Middle East

Project Description:

Located near the Dubai Creek, the Hyatt Regency Dubai Creek Heights is the fifth Hyatt property in Dubai and offers views of the water and the city's skyline, and easy access to the Dubai International Airport.

The 464-key hotel comprises 76 luxury suites, including two royal suites. All suites include access to the Regency Club, which embodies the 'hotel within a hotel' concept, which offers a private space for guests to gather.

The hotel also features 3200m² of conference facilities, including 13 meeting rooms and two interchangeable ballrooms.

Project Scope:

Supply | Installation and Commissioning of the following sub-systems:

- IT Systems
- Audio Visual Systems
- IP Telephony
- Mirror TV
- Digital Signage
- High Speed Internet Access
- IP Television
